

Harvard Model United Nations 2018

Country Assignments

The table below includes all countries represented at HMUN 2018 in the General Assembly (GA), Regional Bodies (RB), and Specialized Agencies (SA). A separate table on the reverse side includes all countries represented in the Economic and Social Council (ECOSOC). All relevant committees are listed below, with the number of delegates allotted per delegation denoted after the name of each committee. Note that all delegation assignments include at least one flex committee, which may accommodate either one or two delegates. These committees are the Social, Humanitarian and Cultural Committee and UN Office for Outer Space Affairs. All 193 UN member-states are represented in GA committees, with the exception of the Historical General Assembly and the Special Summit on Futuristic Technology, in which fewer member-states are represented. New to the RBcommittees this year, there will be the addition of a national legislature committee, the State Council of the People's Republic of China. Character assignment for this committee will be tied to the countries represented in the North Atlantic Treaty Organization committee. GA/RB/SA delegations range in size from 10 to 21 delegates. ECOSOC delegations may be 7 or 8 delegates in size. Special applications (for all committees not listed hereafter) will be available on June 7, 2017, and due on September 27, 2017.
